ARTICLES

Gerald R. Brown Traffic conflicts for road user safety studies 1

J.K. McKenna and M.A. Erki Strengthening of reinforced concrete flexural members using externally applied steel plates and fibre composite sheets — a survey 16

Andrzej S. Nowak and Hid N. Grouni Calibration of the Ontario Highway Bridge Design Code 1991 edition 25

Andrzej S. Nowak Load model for bridge design code 36

W.K. Tso and Shu Yao Seismic load distribution in buildings with eccentric setback 50

Guy Morin, Tonino-Joseph Nzakimuena et Wanda Sochanski Prévision des températures de l'eau en rivières à l'aide d'un modèle conceptuel : le cas de la rivière Moisie 63

Murray C. Temple, Sherief S.S. Sakla, David Stchyrba, and Douglas Ellis Arrangement of interconnectors for starred angle compression members 76

Stefan Marklund and Stig Morling Biological phosphorus removal at temperatures from 3 to 10°C — a full-scale study of a sequencing batch reactor unit 81

Cheng Yan and Sidney Mindess Bond between epoxy-coated reinforcing bars and concrete under impact loading 89

Gilberto E. Urroz and Robert Ettema Application of two-layer hypothesis to fully developed flow in ice-covered curved channels 101

Yue Qing Lu and D.J. Laurie Kennedy The flexural behaviour of concrete-filled hollow structural sections 111

Leonard M. Lye and James J. Sharp Hydrotechnical studies of Peter's River 131

I.K. Tsanis, C. Valeo, and Y. Diao Comparison of near-field mixing zone models for multiport diffusers in the Great Lakes 141

NOTE

N. Ali, J. Trogdon, and A.T. Bergan Evaluation of piezoelectric weigh-in-motion system 156

DISCUSSIONS

David Hansen Spatially varied flow over rockfill embankments: Discussion 161

J.A. Kells Spatially varied flow over rockfill embankments: Reply 163

Mohamed Abdel-Mooty Free flexural vibration analysis of one-way stiffened plates by the free interface modal synthesis method: Discussion 167

Ian Smith, Lin J. Hu, and Allison B. Schriver Free flexural vibration analysis of one-way stiffened plates by the free interface modal synthesis method: Reply 169
